Date: MM/DD/YYYY

Company name

I found you on LinkedIn, and I love your work. (Explain what they work on. Brief reason why I like the work.) I believe that I would be a good match for your company.

I have worked in groups of six people for a prolonged amount of time. On my GitHub, I have projects that are made using Unreal or Unity. With my knowledge, I believe I can adapt to a new engine. This is why I believe I am a great match for your company.

Thank you for your time. Have a good day.

Jasper Thibodeaux
